

exception

```
graph BT; SyntaxError --> exception
```

A diagram illustrating the inheritance relationship between two Python exception classes. It consists of two rectangular boxes. The top box contains the word "exception" in a large, black, serif font. The bottom box contains the text "SyntaxError" in the same font. A vertical black arrow points from the top edge of the "SyntaxError" box to the bottom edge of the "exception" box, indicating that SyntaxError is a subclass of exception.

SyntaxError
